07/08/2014

Dear Families,

This week and next we are hosting 7 students from Japan and their teacher. As part of this program three students, Yuki, Mitsuki and Hayato have been learning with students from 4/5AH. One of the areas they have been studying is information on Tasmanian animals.

On Friday, tomorrow, we will be taking our visitors and 4/5AH to Bonorong Park. Students will leave the pool at 11.30 arriving at the wildlife park around midday for a BBQ and fruit. The school will be providing the food. We will also include some vegetarian options. Students are more than welcome to bring something else that they would like to eat for lunch and their drink bottle. We will be having a special tour of the facility and be returning to school by 2.50pm.

Yours sincerely

Ann Hortle

4/5AH Class teacher
