Dear Parents and Carers,

During Term 2 and 3 the Grade 1/2 classes will be continuing a unit on Family History. This will involve some tasks and activities that students may need some help with at home.

Firstly, we will be sending home a small activity for students to complete with parent assistance – students will be asking a parent to write a sentence or two about Family Traditions. This sheet is attached.

We will also be sending home an Elder Questionnaire later in the term for an elder person (grandparent, aunts, uncles, family friends) to find out how technology has changed over time.

Students will also be completing a Family Tree, which will include parents, grandparents and other relatives. It would be great if some family photos could be brought to school for this task - another note will be sent home to let you know when to do this.

Lastly, I was hoping to get some Parent Helpers this term if at all possible. There is always such a lot of 'busy-work' to be done (photocopying, laminating, cutting out, typing students writing work!) and any help with this would be greatly appreciated! We also do some lovely Art and Craft activities on a Friday afternoon, and extra hands can make all the difference! Please let me know if you are able to help in either of these ways.

Many Thanks,

Helen Arnold
